When Disaster Strikes ... **Be Smart, Be Prepared, Be Responsible!**

Parents and Teachers. The California Emergency Management Agency (Cal EMA) has developed this coloring book to help children understand some of the basic things to do before, during and after a disaster. We hope the information is useful and informative and encourage you to contact your local Office of Emergency Services or local American Red Cross chapter for more information. You can also call the Cal EMA Office of Public Information at (916) 845-8400 or visit us on the Web at www.calema.ca.gov.
